Choice Stock of Useful and Ornamental Goods.  
Prompt and Personal Attention given to Repairing.  
Store closes at 6 p. m. except Saturday.

## MARIETTA DAILY LEADER

SATURDAY, FEB. 22, 1896

### PERSONAL AND LOCAL.

—Little Trixie.  
—Found—a pair of gold-rimmed nose glasses. Owner can have same by calling at Leader office and paying for this notice.

—Marshal Parlin arrested two strange men and a woman last night and locked them up in the city prison. Both men were drunk, and the woman, a vile creature, was begging for them.

—According to report a number of young ladies were suspended at the high school Friday for playing progressive euchre in the school room.

—John Berenz, of Eight Mile, was locked up last night for conducting himself in a disorderly manner on Greene street. He thought he could whip any two policemen in the city, but he couldn't.

—The lecture at Andrews Hall this evening will be a most interesting and instructive entertainment. Mr. Bolton is a man of learning, and he has one of the finest stereopticon equipments in the country. Don't fail to attend.

—Little Eloise Grafton had a very narrow escape from fire Thursday. She was pursuing the practice on the violin, in front of a small gas stove, when in some manner her dress came in contact with the flame, and of course the garment blazed up instantly. She gave an alarm and her mother ran to her, but none too soon, for the girl's dress at the back and her hair were burning, making an awful accident possible. Mrs. Grafton subdued the fire, but in doing so her hands were badly burned. Aside from her dress and hair being burned, the child escaped with little harm, though it was a close call.

—The new draw span in the B. & O. S. W. railroad bridge at this place was swung yesterday for the first time, and apparently worked all right.

—Mrs. Laura McCloskey let the contract yesterday for a new double house to be built on Maple street. The house is to consist of ten rooms—five rooms to each side. Mr. Brabham has the contract for building the structure.

—Mrs. Alice Caskey was baptized in St. Luke's Episcopal church yesterday evening.

—Mr. and Mrs. R. T. Moore, West Side, entertained Friday afternoon in honor of Mr. and Mrs. George Gilfillan, of Parkersburg, and Mr. and Mrs. William Moore.

—The Post Office will be closed today from 9 a. m. to 6 p. m.

—In the matter of the assignment of Mr. Joseph B. Williams, of Wesley township, the inventory and appraisal, showing property to the amount of \$2334, was filed in Probate Court Friday.

—Sheriff Hutchins, of Morgan county, arrived here over the Z. & O. R. Friday, having in custody a number of patients for the Athens State Hospital. He was accompanied by Mrs. Hutchins, who remained over night, the guest of the family of R. S. Breckenridge, West Side.

—The will of Cynthia Spaulding, deceased, was filed for Probate Friday.

—At the meeting of Council in committee of whole Thursday afternoon, eight members being present, the proposed ordinance to establish the Second Street Electric Railway Route was examined and discussed in detail and unanimously recommended for passage.

—Attorney A. D. Follett will assist Prosecuting Attorney Preston in the Schaad whitecapping cases.

—Married, in this city, Wednesday, February 19th, by the Rev. A. D. McCormick, at the home of the bride's parents, Mr. Joseph Rampp and Miss Lucy Bergen, both of Marietta.

—W. S. Greenleaf, of Parkersburg, was in the city Friday on business.

—In the matter of the assignment of the Marietta Planing Mill Company a schedule of the debts and liabilities was filed Friday. The exact amount is \$11,932. The appraised value of the assets is \$14,306.57.

—Mrs. B. F. Maiden arrived over the Z. & O. R. Friday afternoon from Bozeman, Montana, having been called here by the illness of her father, Mr. Samuel Smith, Newport Pike, who is ill of rheumatism.

—A marriage license was issued in Probate Court Friday to Hiram Rumbold, of Hainesville, Meigs county, and Adella A. Rutter, of Waterford.

—In Common Pleas Court Friday a large number of cases were called and continued for various reasons. Motions to quash the indictments in the Schaad whitecapping cases were overruled.

—The date of the Concert to be given by the Marietta Glee, Guitar and Mandolin Club has been changed from March 6th to March 10th. The Concert is to be given at the Auditorium.

—Mrs. Geo. Curtis, corner 8th and Warren, who has been sick with pneumonia, is convalescent.

—Mr. R. L. Curtis, who has been confined to the house by illness of stomach trouble, is reported to be slightly improved.

—May Smith Robbins and her clever company in Little Trixie Saturday night.

—Little Trixie Saturday night.

—Mr. D. B. Torpy yesterday afternoon received a telegram from Mr. J. W. Hughes, of Butler, Pa., as follows: "I can't come until Monday. Will be there Monday without fail. J. W. Hughes."

—In a recent issue of the St. Louis Republic we notice a portrait of Mrs. W. W. Harris, of St. Louis, formerly Miss Eleanor Rhodes, of this city. The picture is very handsome, but not sufficiently so to do the young woman justice.

—Mr. James W. Nye, of Marietta, will, it is said, probably be that beautiful little city's next mayor. Mr. Nye is not in any sense a professional politician. In this case the office seeks the man—not the man the office. The "Pioneer City" will be indeed fortunate if Mr. Nye is induced to act as her chief executive. —Times Recorder.

—The death of the late John W. Porter having caused a vacancy in the office of clerk of the county court of Pleasants county, W. E. Reed was appointed. Mr. Reed qualified and filed a bond for the faithful discharge of the duties of the office. The appointment of Mr. Reed could not have been improved on, as he is thoroughly conversant with the duties of the office, and consequently will make an excellent official. —Tyler Republican.

—Reserved seats on sale at the Marietta Book Store for Little Trixie.

### Lands of the White Czar.

A large and appreciative audience at Andrews Hall last night greeted Mr. C. E. Bolton, of Cleveland, who delivered his illustrated lecture on "Russia and the Romanoffs." Mr. Bolton said in part that Russia was a land of constant geographical expansion; that the flag of the White Czar floated over one-seventh of the earth's surface and gave protection to eight distinct nationalities, embracing nearly one hundred millions of people.

Our citizens were taken to Odessa, on the Black Sea, Russia's great wheat port, thence to Moscow, the holy mother city of the Empire. Here, as in St. Petersburg, were seen wonderful palaces, museums and monuments.

Frequent mention was made of Ivan, the "Terrible," and his unique church was shown. The lecturer's description of Napoleon's invasion of Russia, the burning of Moscow and his fatal retreat was very graphic. His views of St. Saviour's church and St. Isaac's were also fine. The story of Peter, the Great, and Catherine II gave color and great interest to the lecture and all in attendance felt that Russians were not pagans, but a vigorous and very religious people, that they do nothing by halves for either their church or country.

Mr. Bolton thinks Russia and America the two great nations of the future. For a hundred years it has been the dream of every Russian to subdue Asia, conquer India and finally occupy for their capital the "Cradle of Nations," Constantinople.

Mr. Bolton gives at 7:30, standard time, this evening his famous illustrated lecture, "Lands of the Midnight Sun, or Top of the Globe," a brief of 150 polar expeditions. He will tell vividly what has been done and what remains to be accomplished about the north pole. Late telegrams of Nansen's return will add interest to what Prof. Bolton has to say, who knows how to say much in a few words.

—A Costly Improvement.  
A magnificent white funeral car is the latest addition to the already complete equipment of Fuller, the undertaker. The car came in Friday, having occupied six months in construction. It was manufactured by the Riddle Coach Co., of Ravenna, and is up to date in every particular. The body of the car has the most top with the Corinthian columns at the corners, egg-shaped carving above and clover-leaf below. It has a handsomely engraved inside rail and elegant inside trimmings. The car is full size with image lamps, and is superbly elegant at every point. Mr. Fuller evidently believes in keeping up with the times.

—Went Stand the Cut.  
East Liverpool, Ohio, February 20.—The workmen in the Iroquois tin mill to-day notified the proprietors, Wallace, Banfield & Co., that they would not submit to the proposed reduction of 10 percent. The firm then gave notice to the men that they would start up next Monday at the old rates and fill present orders, after which they will shut the mill. The mill has been stopped for two weeks, the firm claiming they cannot run with profit at present rates of labor. A reduction was made in wages more than a year ago, when the mill was non-unionized, and has been run non-union since.

### River Man Shot.

EAST LIVERPOOL, E., Feb. 21.—Lee S. Anshutz, pilot of the towboat Clipper, shot and slightly wounded Captain Abner Gould, of the Raymond Honer yesterday forenoon.

The Honer and Clipper were lying at the bank here, and the two men, with Charley Gould, captain of the Clipper, became involved in a row which ended in the shooting.

Anshutz, it is said, knocked Charley Gould down with a poker, when Gould's brother, Abner, interfered and was shot. Anshutz was arrested.

The origin of the trouble was the alleged crowding from the channel of the Clipper by the Honer, as the boats with their tows of coal were preparing to land here on account of the ice.

### Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had lung trouble, following Typical Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial Bottles Free at W. H. Steyer's Drug Store.

### Head Blown Off.

Charleston, W. Va., Feb. 20.—News was received here yesterday of a bad accident on Drawdy's creek, Boone county, about sixteen miles from here. The 14-year old son of Isalah Clendenin took a gun barrel, plugged one end, filled with water, and plugged the other end and laid in on the fire. It got hot and one of the plugs flew out, hitting the boy just under the right ear, tearing all the jaw and side of his face away and killing him instantly.

### Saved His Life.

—by a fortunate discovery in the nick of time. Hundreds of persons suffering from consumption have had the progress of the disease stopped, and have been brought back to life and health by the "Golden Medical Discovery" of Dr. Pierce.

Years ago Dr. R. V. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., recognizing the fact that consumption was essentially a germ disease, and that a remedy which would drive the germs and their poisons from the blood would cure consumption, at last found a medicine which cured 98 per cent. of all cases, if taken in the earlier stages of the disease.

The tissues of the lungs being irritated by the germs and poisons in the blood circulating through them, the germs find lodgment there, and the lungs begin to break down. Soon the general health begins to fail, and the person feels languid, weak, faint, drowsy and confused.

This is the time to take Dr. Pierce's Golden Medical Discovery; it drives the germs and poisons from the blood, and has a soothing effect upon the dry cough. In cases of bronchitis the "Discovery" is invaluable. "Golden Medical Discovery" increases the amount and quality of the blood, thus invigorating and fortifying the system against disease and builds up wholesome flesh and strengthens after wasting diseases, as fevers, pneumonia, grip and other debilitating affections.

Dr. M. H. H. of Audubon, Audubon Co., Ia., says: "I took a severe cold which settled on my lungs and chest, and I suffered intensely with it. I tried several of our best physicians here and they gave up all hopes of my recovery, and thought I would have to die. I would cough and spit blood for hours, and I was weak and thin. I was greatly discouraged when I began the use of this 'Discovery,' but I soon got better. It has been five years since I took it and have had no return of that trouble since."
